

Auld Lang Syne

Piano Accompaniment Pattern: When you use extended chords or jazz chords in your piano accompaniment it sounds richer and because it sounds richer you can do simple patterns and they will sound GREAT. You don't have to do complex patterns, unless you want to.

The first system of the musical score is in 4/4 time. The vocal line (treble clef) contains the lyrics: "Should auld ac-quain - tance be for - got And". The piano accompaniment (grand staff) features a simple bass line in the bass clef and chords in the treble clef. The chords are labeled as F, F (with notes F, G, A, D), C, and C (with notes G, E, D, B). The piano part begins with a whole note F in the bass and a whole note F in the treble.

The second system of the musical score continues in 4/4 time. The vocal line (treble clef) contains the lyrics: "nev - er brought to mind? Should auld ac-quain - tance". The piano accompaniment (grand staff) continues with chords in the treble clef and notes in the bass clef. The chords are labeled as F, F (with notes F, G, A, D), Bb (with notes Bb, A, G, F), and F (with notes F, G, A, D). The piano part begins with a whole note F in the bass and a whole note F in the treble.

Detailed description of the musical score: The score is for the song 'Auld Lang Syne'. It consists of a vocal line and a piano accompaniment. The first system (measures 6-8) shows the vocal line starting with 'be for-got And days of Auld Lang Syne? For'. The piano accompaniment features chords C, F, and F. The second system (measures 9-11) shows the vocal line starting with 'Auld ___ Lang ___ Syne, my dear, For Auld ___ Lang ___'. The piano accompaniment features chords F, C, and F. The piano part uses extended chords and varied rhythms to provide depth.

The basic chord symbol is given, but the actual chords being played go beyond basic 3 note triads. The combination of left and right hand notes in these accompaniment patterns are jazz chords or extended chords which gives the overall accompaniment depth. Also, note how I used different rhythm patterns, and occasionally played a few notes of the melody. VARIETY, VARIETY, VARIETY....
